Detainee: I was caught in my own room, not outside.

*3. a. 2. A Kalashnikov rifle was confiscated from the detainee's home the night he was arrested.*

Detainee: First I would like to say that I was caught inside the room. Yes, the Kalashnikov was found inside of that room, but the Kalashnikov belonged to my father.

001561

*3.a. 3. The detainee was captured with communications equipment.*

Detainee: This is a wrong accusation. Nothing was caught with me. In the interrogation they showed me communication stuff, but I didn't recognize it

*3.a.4. Coalition forces were fired upon from the direction of a suspected hostile facility during the seizure of the detainee and his associates.*

Detainee: This is a wrong accusation. The soldiers and helicopters came to arrest me inside my house. This is a lie; this is a wrong accusation. I was sleeping in my room.

*3. a. 7. It is alleged that Jalaluddin Haqqani> used Sarajuddin's guesthouse for shelter.*

Detainee: First this question isn't relevant to me. This question belongs to someone else. The second, I don't know if Haqqani came to his guesthouse.

*3. a. 8. Jalaluddin Haqqani was the Taliban minister of Frontiers and Tribal Affairs.*

Detainee: I don't care what he does. I've heard his name on the radio; I don't know what he was doing.

*3.a. 9. The detainee has been working for HIG since it began.*

Detainee: This is a lie; I never served anybody in any organizations. I was not involved in any organization. If you could find the proof, then anything you say, I believe in it.

*3.a. 10. The HIG is listed in the United States Dpeartment of Homeland Security's, "Terrorist Organization Reference Guide ".*

Detainee: I don't care whomever he is with. I heard his name in the radio. Like I heard many names, he mentioned Bush, I did not serve him or did I know him. Can I ask you a question?

UNCLASSIFIED/FOUO

Tribunal President: You can, but let me tell you that the only thing we know really about your case is what has been presented to us so far. But you are free to ask questions.

This is oppression; I came from another country for one and a half months when I was captured, I was not involved with no organization. I've been here for the past three years and this is oppression. If you have any witnesses against me, then I will agree with you.

Tribunal President: Is there anything else at this time you would like to tell us about your situation?

Detainee: Yes, I would like to say that I am innocent. I was caught with a passport, with an international driving license and some money in my own house. Please, look at my poorness.

A: Every time I meet with an interrogator, he comes back with different accusations or allegations.

Q: Do you know what Jama'at al-Tabligh is?

A: I know about Tabligh, but I do not know what it is.

Q: Can you explain to us what that is?

A: All information I know is in the file. I have spoken so much about it in the past.

Q: I understand there are times you have to answer questions over again, but this is the first time we've had any exposure to your case.

A: Everything is in the file.

Q: The only thing we know about you thus far is what you're telling us now, and that you told us all these things on the exhibit are not true.

A: What should I do in this case?

Q: We were hoping you would try to help us understand why it was you believe you were arrested and brought here.

A: I have been here two years. If you do not know why I've been arrested, why are you keeping me here? Why don't you set me free?

Q: Have you ever traveled to Afghanistan?

A: My story is very well known.

Tribunal Member: I'm sorry you didn't choose to share more of it with us. I don't have any more questions. Thank you.

Tribunal President: Did you ever travel to Afghanistan?

A: No, I did not.

Q: Did you ever travel to Pakistan?

A: Yes, I did.

Q: Did you attend college in Yemen?

A: My story is very well known; it is in the file.

Q: But we don't know your story; that is why we are asking you these questions.

A: You can get the information from my file.

Tribunal President: OK. If you prefer it done that way, I guess we have no other choice. Do you have any other information to present to this Tribunal on your behalf?

A: No. I don't have any.

*The Tribunal President then addressed the Personal Representative to request if any additional information would be presented to the Tribunal.*

Personal Representative Answer; There were several items reviewed with the Detainee that did not come out that I'd like to read to you now.

Tribunal President: Please.

Personal Representative: We went over each line of the summary of unclassified evidence. On the assertion that he (Detainee) is associated with Al Qaida, he says it is not true. Concerning the allegation he trained at Al Farouq, he said he stayed at a hotel in Karachi for two days, and then went to Lahore to read the Koran for five months. He stated he then went to Salafia University. Concerning the allegation he was captured with ammunition, he says this is not true. And he (Detainee) further stated he did not want others that were captured with him to testify. Concerning the allegation he was captured with other individuals, he said 'yes.' Concerning the allegation that one of the individuals that were with him upon capture was associated with Al Qaida, he said he did not want any of them as witnesses. Concerning the allegation he (the Detainee) is associated with Jama'at al-Tabligh, he said he came to know them in Pakistan, that he did not join them, and that they showed him how to go from Yemen to Pakistan. Concerning the allegation that Jama'at al-Tabligh is a missionary organization used as a cover to mask travel activities of terrorists to include members of Al Qaida, he (Detainee) said he did not know. That summarizes what we covered in the interview, Mr. President.

Tribunal President: Thank you.

The Tribunal President has two clarifying questions in reference to the Detainee Election Form.

1. It states that the detainee did not request any documentary evidence; there is a reply that says yes. Please clarify that remark.

Personal Representative: Sir, he did not want any documents, he had no documents that he needed to be read to the Tribunal Members.

Tribunal President: I understand.

2. There is a statement regarding that; the detainee refused to acknowledge Personal Representative or respond. The remark here is No.

Personal Representative: Sir, the detainee did respond appropriately and did ask questions and identified each of the allegations.

Tribunal President: Very well. He did not request any documents, and he acknowledged your presence and your offer of assistance. Also from the detainee election form I understand he did not request any witnesses. Is that correct?

Personal Representative: Yes, Sir.

*The detainee wants the Personal Representative to read his statements of each of the allegations on behalf of the detainee; He had given answers to the allegations at a previous interview to the Personal Representative. The allegations appear in italics, below.*

Tribunal President: Arkin Mahmud do you have any comments regarding what the Personal Representative provided to us.

Detainee: I have no more comments, that is good enough evidence, which my Personal Representative already presented. What I wanted to do was go to Afghanistan to look for my brothers. I wanted the US Court system or US Judges to determine my case, they have to come up with, if I am innocent or not. If I am guilty they should come up with my punishment or what ever I deserve to serve time, I will do that. Other wise do something faster to finish my case. I would like the results as soon as possible.

**Summarized Unsworn Detainee Statement**

*The Recorder presented Exhibits R-1 and R-2 into evidence and gave a brief description of the contents of the Unclassified Summary of Evidence (Exhibit R-1).*

*Tribunal President addressed the detainees' witness. The witness named Mamar Diann (ph) was considered relevant. The Tribunal President requested the United States government contact the Yemen government to locate the witness. The Yemen government was contacted on or about 9 November 2004 but as of the date of the hearing, the Yemen government had not responded to the request. Therefore lacking the cooperation of the Yemen government, the Tribunal President ruled that the witness was not reasonably available.*

*The Detainee did not want to take the Muslim oath.*

*The Personal Representative read the accusations to the detainee so that he could respond to the allegations. The allegations appear in italics, below.*

*3.a. 1. The detainee traveled to Afghanistan using counterfeit travel documents.*

Detainee: First of all my documents were not counterfeited; these documents were real. I got my passport from the Yemen government, but the only thing that changed was my last name from Muhammad to Osama.

*S.a.2, The detainee attended weapons training on the Kalashnikov, PK, M-16, and G-3 at the al Forouq training camp in Afghanistan.*

Detainee: When I first entered Afghanistan all the training camps were closed. I was trained on the Kalashnikov in Yemen when I was 7 years old, so why would I get training in Afghanistan. The M-16 and G-3, I did see them in Afghanistan, but I never used them there nor was I trained on them. I saw some people carrying those kinds of weapons.

Personal Representative: During our interview you had told me the reasons why you went to Afghanistan in reference to these two points.

Detainee: This is true.

Personal Representative: Would you like to explain that?

UNCLASSIFIED/FOUO

Detainee: Yes, I was in Sana studying, before that I was present in Hadratoom. There was a conflict between some groups; my grandfather stabbed somebody with his knife. Before that my grandfather had another problem similar to this one, I was trying to help him out of it. He was put in jail for that for 10 years. When the second problem occurred I fled to Sana when that happened. Since I helped my grandfather I thought they were going to retaliate. When I was in Sana; I met Abdul Salam who suggested that I should go to Afghanistan so I can solve my problem with my grandfather. He had a friend that was in Afghanistan and he would pay me 200 dollars a month, to work with his charity group. I decided to leave and I went to get a passport and I changed my real name from Muhammad to Osama, as well as my last name. When I got there and I studied computer programming. I traveled from Dubai to Pakistan, from Pakistan to Karachi, from Karachi to Quetta, from Quetta I entered into Afghanistan, from Afghanistan to Kandahar, from Kandahar to Kabul. You can verify this by Abu Haree (ph) he is the man who owned 1000 sheep/lamb, he distributed all that through the poor villages, and on the border of Pakistan there was poor people that we distributed clothing, sugar and rice for the holiday. Then we traveled to Kabul with Baitians (ph) they were Arab from Kandahar. When we were in Kandahar we went to an Arab house, we didn't stay at the house at night because of the fear an air strike would hit the house. When I left the house at night is when I saw the Kalashnikov's, PKS', G-3 and M-16's. When I went to Kabul I stayed in Kabul, and Abu Haree used to travel to Yemen and get some money and then come back. He was a famous well-known man and was in charge of an Islamic charity group. In Kabul I went to a (inaudible) and met a Palestinian man, I used to stay with him and I learned from him; he was the man I met in Sana and offered me a job. I used to go to the back border with him and played football there.

*3. a. 3. The detainee was transferred with a group of Arabs from Kabul to Mazar-e-Sharif on a Taliban owned aircraft.*

Personal Representative: You had told me that it was not a Taliban owned aircraft it was a civilian airplane.

Detainee: That is true the airline was Ariana; a civilian airline. The price for the ticket was 1000 Pakistani. When I went to Mazar-e-Sharif, I traveled with Abdul Wado and 3 other Arabs. The aircraft was not a Taliban aircraft.

*3.6. /. The detainee fought with the Taliban in Taloqan, Afghanistan after 11 September 2001, and was present in Taloqan after the U.S. air campaign begun.*

Personal Representative: You told me that was not true, that you did not fight and you were in the city.

Detainee: First of all Taloqan wasn't a fighting city. Civilians lived there and it wasn't a battlefield. The fighting border was hundreds of miles away from Taloqan. It's true I was in Taloqan but there was never any fighting there. We had a legitimate place there so we could teach. We used to teach the curriculum of Sarafee (ph), a Taliban group shut it down since their curriculum was Sarafee (ph). I stayed in Taloqan until then.

*3.b.2. The detainee fired his weapon in battle at the United States or its coalition partners.*

Personal Representative: You stated that is not true.

Detainee: This is a strange thing I am hearing. Why would I fight the United States of America? I have nothing against them. The rice and flour we have is American. Why would I fight them? They are our food source. I was in that city but it is not a battlefield. I wasn't a fighter. You can ask Abdul Wado. I was staying with him at the time. We were working; digging trenches for gas lines at the time.

*3.b.3. The detainee was captured in Mazar-e-Sharif 'while fighting with the Taliban.*

Detainee: This is not true at all; when I was captured I was in Konduz. When the city of Taloqan was captured I went to the city of Konduz. Me and some group, the Taliban left Konduz another group named Tustun (ph) came in; an they found out I was with a different group and they decided to interrogate me then gave me to the United Nations. I was with an Arabic guy and some guy from al Wafa. They took us to jail and from there to an intelligence agency. They said they were going to investigate some things and turn us over to the United Nations.

Tribunal President: United Nations or United States?

Detainee: United Nations. Then I stood there for two months then the American came to interrogate me. The people I was with were either killed or sent to a different jail. There was an Arabic translator working with me.

Tribunal President: Does that conclude your personal statement?

Detainee: That is all I have.

Tribunal President: Thank you for your statement.

Tribunal President: Personal Representative do you have any questions for the detainee.

Personal Representative: Yes I do.

**Personal Representative Questions**

Personal Representative: I have a clarification question from a meeting we had a month ago today. You had stated a lot more here then you did in the original meeting. None of the new information disputes the old information. There is one thing I want to make sure I know and the tribunal to know about your reasons to travel to Afghanistan. I feel it is important.

UNCLASSIFIED/FOUO

- Q. During our meeting you explained to me that your grandfather had stabbed an individual; and you went to the tribe leader and the police to take responsibility for your grandfather.
- A. Before I went to the police station I went to see the head of our group, and another leader of a different group. They went and talked to the people to see if we can post bail for the grandfather. They paid and took him from the prison. The police station has records that you can verify that. I am waiting for a letter from my parents to prove what happened at the police station there.
- Q. My question is; did you accept responsibility for your grandfather?
- A. Until now I am responsible; I cannot go back to my own town since I took responsibility for my grandfather. My grandfather stabbed another person and is in prison now.
- Q. Because you took responsibility you could not stay in your own country is that true?
- A. They were going to retaliate on me, that's why I couldn't stay.
- Q. That is the point I'm getting to; you told me that is the reason you went to get your passport name changed. Is that the truth?
- A. Yes, I changed my name. Everybody knows my name and that is why I changed it to Muhammad.
- Q. When did you travel to Afghanistan?
- A. I don't remember exactly.
- Q. If I can clarify from our meeting you had stated you traveled there about 8-9 months before the attacks on America?
- A. Approximately.

*The Personal Representative and the Recorder had no further questions.*

Tribunal Members' Questions

- Q. Did you fund your own travels to Afghanistan or did someone else fund your travels?
- A. I paid for my own traveling.

Detainee: If you would like I can give you the proof. I am ready.

Tribunal Member: No that is fine.

- Q. What job did you have in Afghanistan?
- A. I used to work for a charity group, and they used to teach children.
- Q. What charity group?
- A. The name Ahfad al Sabah. In the last days we used to have some association with the al Wafa group.

UNCLASSIFIED/FOUO

Q. What did you teach the children?

A. Talked about Koran.

Q. Do you speak the Afghan language?

A. We had many translators.

Q. While you were in Afghanistan did you own any weapons?

A. I didn't have any weapons, but I had a small knife to peel an apple.

Q. Why did you travel on the aircraft to Mazar-e-Sharif?

A. The trip was going to Mazar-e-Sharif.

Q. The purpose of going there was for what?

A. My purpose was for Taloqan.

Q. So Taloqan was near Mazar-e-Sharif?

A. Approximately, it takes about 3 hours by car.

Tribunal President asks the detainee if he had any other evidence to present to the tribunal.

Detainee; I have some videotapes that we use for charity purposes I can provide the tapes for you. They took them away from me when I was captured.

Tribunal President: I understand and if the tribunal requires those tapes we will attempt to locate them. At this time there is no need for them.

Tribunal Member: I want to clarify a few things. In your statement you said you wrote a letter to your parents. Did you ask them to get information from the police?

Detainee: I had asked my parents to make a copy of my file. They do have my file there of all what happened.

Tribunal Member: Do you know when that will get here?

Detainee: I hope soon.

Tribunal Member: Would that tell us that you did take responsibility for your grandfather?

Detainee: Yes, it would prove everything and my grandfathers' actions. I can have them fax it to me.

Tribunal President: If you do get it, please notify your Personal Representative so he can bring it to our attention.

Detainee: I will notify my Personal Representative if I receive anything.

Tribunal President: Your explanation for why you left was very complete and thorough. Thank you again for that.

**Summarized Sworn Detainee Statement**

***The Tribunal President read the Hearing Instructions to the Detainee. The Detainee then made the following question:***

Detainee: I have a question about the oath. Is it that I have to or if I want?

***The Recorder presented the Unclassified Summary of Evidence (Exhibit R-1) to the Tribunal.***

***The Recorder confirmed that he had no further unclassified evidence or witnesses and requested a closed Tribunal session to present classified evidence.***

Tribunal President: I see by the Detainee Election Form that you have elected to participate today evidenced by your being here. I also understand that you requested a witness, essentially anyone from your Madrassa. And I understand that basically you requested that they could testify to your good character. Essentially, character is not relevant to the Enemy Combatant issue and that request is denied.

***The Tribunal President opened the Tribunal to the Detainee to make his statement and asked if he would like to make his statement under oath***

Detainee: You asked me the question if witnesses are needed then I present the witnesses if not, and I don't have a witness for your questions then I answer for myself.

Detainee: I can do it under oath.

***The Recorder administered the Muslim oath to the Detainee.***

Detainee: I say yes. I can testify that I was.

***3.2. The Detainee was a student at the madrassa during the Taliban rule.***

Detainee: In the time of the Taliban I wasn't a student in the madrassa. I have a witness I could tell you who is my witness.

Tribunal President: You can just tell us yourself. We don't need to hear a witness we certainly can hear it from you.

Detainee: I could provide you a witness but the individual is here in the camp.

Tribunal President: We essentially just need to hear your story. It doesn't have to be verified by somebody else. We will accept your word.

Detainee: At the time of the Taliban in this madrassa I was not attending... in this madrassa.

Tribunal President: Is there anything else you would like for us to know?

Detainee: No, I don't have anything else.

Tribunal President: Would you be willing to answer some questions we may have for you?

Detainee: Yes.

Tribunal President: I like to let Detainees know that at this point this (the Unclassified Summary of Evidence) is the only piece of information we have seen about you. So we may ask you some questions about your background and all simply because we don't know anything else about you other than this. Will that be all right with you?

Detainee: Why not?

Tribunal President: Personal Representative, do you have any questions for the Detainee?

Personal Representative: Just one point for clarification. Was it before or after the Taliban that you went to the madrassa?

Detainee: At the time of the Taliban in the named madrassas I was not attending to the madrassa. I was studying but in my own village somewhere else. Not in this madrassa.

Detainee: Yes

***The Recorder administered the Muslim oath to the Detainee.***

Detainee: I want to know if my personal representative will talk or I will talk?

Tribunal President: He can help you present information if you would like for him to talk first

Detainee: I will talk if it is or if it was possible and then I will ask from the translator to translate.

Tribunal President: OK

***3.a. The Detainee is a member of the Taliban:***

***3.1. The detainee served as the President of Customs and then the Minister of Commerce for the Taliban Government from 1996 until the collapse of the Taliban in 2001.***

Detainee: First in, in the name of Allah, I work as a Taliban as a Minister of Commerce and responsible for custom of Afghanistan. I work for a certain salary and did not have

anything more with Taliban. They gave me this job because I was working correctly and they gave me good salary. I wasn't a person to go to front line and fight I was only achieving my job and I was good for it begins. In Afghanistan it was only recruiting of fighting or work in the offices. I did not know about military affairs so they gave me a civilian job.

*3.2. The Detainee was captured on 01 April 2003 by soldiers of the Afghan Military forces (AMF) near Zamtu in the GandaAb Region. He was turned over to the United States Forces later that same day.*

Detainee: Second, I was arrested in the Ganda area close to the center and that was Afghan soldiers that arrest me. After three months, I was handed to American Forces. At the time, I was arrested by Afghan Forces for the first time in the jail of Kandahar. I see American forces. I don't have any objections, they gave or they handed me to Americans on the first day later after three months. But this was the reality, I was handed to Americans after three months.

*3.3. When captured by AMF soldiers, the detainee was in possession of a Kalashnikov rifle.*

Detainee: Third, President Karzai, which was President of Afghan Government, he let me to keep one Kalashnikov with me. Basically he gave me one car with two Kalashnikov. But again the government took the car from me with one Kalashnikov and one Kalashnikov remained with me. That was the Kalashnikov in Kandahar with me and from the center of Kandahar. My house is approximately one hundred and seventy kilometers away to the north of the center of Kandahar. This is petty that a Afghan Government excuses me and let me to stay in the home but after a twenty months they arrest me again and handed me to here. And, President Karzai announce it in the radio that high officials are excused and they have a car with two Kalashnikovs and they could stay in their home. Based on that announcement from President Karzai, this is not convincing. I was arrested and I was handed to Americans and I am living in here. I have this much and am I allowed to tell more then this also?

Tribunal President: Yes, please do.

Detainee: When Americans announce that Afghan government is an independent government and that excuse from the Afghanistan government for high rank workers at the time of Taliban came from the government of Afghanistan, but unfortunately we are ending in here. I didn't do any opposition against American forces or Afghan forces and I never do that If I was announcing my opposition with the government of Afghanistan, what should I do in the north of Kandahar City. That was my place, but if I was opposite of the government like other people, I should go and stay as a refugee in Pakistan or somewhere else. I believe what the president of Afghanistan said and excuse us. That is why I start living in that way in the future. It was possible to support my government. If president of Afghanistan excuse me and I was in the home, I did not have to do any

balance. So why am I living twenty months in the jail? This is not good for the President situation, if he is announcing with the level of being the president of a country and excuse us, but later the forces of that country come and arrests us. Putting us in jail, that will decrease the honesty of the president according to this announcement and, people according to this announcement, think Afghanistan government does not have any authority and it will go by the order of the second country. This is all I have to say in front of this tribunal. I don't have anything more and I appreciate you let me talk.

Personal Representative: I have one more bullet, one more sentence he gave me earlier

Detainee: That is correct.

Personal Representative: Regarding the third point about being captured with the rifle, he was not fighting at all. He was at his nephew's house and was carrying the rifle as everybody does for protection

Detainee: When I wanted to go to my nephew's house it was night. That was why I carried my Kalashnikov also.

Tribunal President: I like to say at this point that this is the only information that the tribunal has seen in reference to your situation. Would you be willing to answer some questions that we may have?

Detainee: Yes, of course.

Tribunal President: Personal Representative, do you have any questions for the Detainee?

Personal Representative: No ma'am.

Tribunal President: Recorder, do you have any questions for the Detainee?

Recorder: No ma'am.

Tribunal President: Do any Tribunal members have any questions for the Detainee?

Tribunal Members' questions

Q. Sir, you said that you worked for the Taliban? Were you a member of the Taliban?

A. That's good; that was a good question. It is in my file. Also, I confess that it was a commander. He is named Itzatofol (ph.). He said that you have to work with us and he is living close by us also. I told him, I am not a person with fighting. I cannot fight at all, and he said, " if you cannot fight, I will find you a civilian job

and you have to work with us." That commander was Abdul Salam (ph.) and he was Malam Aim Mas's (ph.) bodyguard. After three years and Taliban was ruling the government, then he presented me to Taliban government, and Abdul Salam (ph.) was trying to get me the president of Customs in Kabul City.

Q. So, I take it by your answer you were a member of the Taliban?

A. No, I was not a member of Taliban. That is why after three years, they gave me that position. If I was a member of Taliban the first time, they would have given me that position.

Q. When did you stop working for the Taliban?

A. When the government of Taliban dropped out of power in Kabul City.

Q. Did you have any affiliation with the Taliban after the government dropped?

A. No

Q. Have you ever used any weapons offensively against anyone else?

A. No.

Q. Did anyone ever explain to you why you were arrested?

A. Only the Americans told me why I was arrested but Afghan government never.

Q. What did the Americans tell you?

A. The Americans told me that the Afghan forces delivered you to us because you had a weapon and you were working for the Taliban.

Q. You testified earlier that President Karzai excused high ranking Taliban members; my question is, was this published some where like in a newspaper or any other source?

A. Afghan T.V., Afghan radio, American radio in Afghan language, BBC; these are official news, everybody gets the same thing.

Q. Do you know about how long after the Taliban fell that announcement was made?

A. Approximately one month later from the drop from power. When I was in Kandahar (ph.) jail, it was announced whoever is Taliban and they are not in opposition to the government. They are excused.

Q. Since the Taliban fell, what have you done to support yourself, what has been your job?

A. I have ten acres of land and I have been working as a farmer to support myself.

Q. What type of crops?

A. In this small land we are growing almonds and spices.

Q. Since the Taliban fell, have you been affiliated with or a member of any political party?

A. No

Tribunal Member: I have no further questions, thank you.

Detainee: In regards to all of your questions, all the money that was in my home was my money but Taliban money was not in my home and I did not have anything to balance with the government, all what I had belonged to me.

Q. In regards to the first question that the detainee was the President of Commerce and the Minister of Customs, what did you do in those positions?

A. At that time Customs of Afghanistan was not very strong for export merchants would have to come to him to value the goods for exports. I would set a value of the goods and write a slip and the merchants would pay the tax at the bank. The bank would give the merchant a slip to export his goods across the border. Most of the exports were Afghan carpet, almonds, animal skins; almonds shelled and unshelled, spices and fruit.

Q. How did you feel about the Americans coming over to remove the Taliban?

A. When the Americans came over to grab the power, we had chose Karzai as president and we were sure that Afghanistan was going to be rebuilt; the roads, and schools. We were happy because the country was unstable and we were sure that the stability would come back. I did not leave because I supported the government of Karzai.

Tribunal Member: Thank you very much

Tribunal President's questions

Q. That brings up one of the questions that I have. Since you are an educated man and have had had all these jobs, did you offer to help the Afghan government?

A. No, the first time I did not request it because the Taliban was gone from power and they said we had to stay at home. Later they said that they only wanted people who had been in government before.

Q. Did you ever have contact with any high-ranking Taliban that may have been your friends after the fall of the Taliban?

A. No I did not. I did not have any contact because I did not need them and I did not have any wireless equipment.

Q. You said you were arrested at your nephew's house?

A. Yes

Q. Did your nephew support the new government?

A. No

Q. Was he actively working to undermine the new government?

A. No, he is a little kid.

Q. He is a small child?

A. He is young and about eighteen years old

Tribunal President: I don't think we have any further questions.

Tribunal President: Pd like to thank you for your participation in this Tribunal today.

Tribunal President: Is there anything else that you would like to tell us?

Detainee: No, I don't have any anything to say. I appreciate this conversation between us. The Americans did good things for us.
